

Girl's tourney enters third year

Although it is still a young tournament the Serra Girl's Basketball Tournament has made great progress in its three year history.

Thanks to all of the hard work of Ray Laub and Tournament Director Jeremiah Hegarty, the 1982 competition was an enjoyable experience for all competitors, few though they were (only four teams in 1982). In the finals it was St.

Robert edging St. Matthias 21-19.

In the tournament's second year St. Agnes of Butler interrupted their volleyball season to play in the tournament and surprised everyone by coming out on top of the ten team field.

This year's tournament field will remain at ten teams and all those involved with the tournament are expecting the quality of play to be excellent.
